

MANISH PATIYAL

Senior Fullstack Engineer | Solution Architect

Mohali, Punjab | (+91) 82630-81437 | manishpatiyal27@gmail.com

PROFESSIONAL SUMMARY

Fullstack Engineer with 12+ years building scalable applications across mobile and web platforms. Expert in system design, cloud architecture, backend development, and leading technical teams. Proven track record translating complex business requirements into performant, maintainable solutions using modern tech stacks including React, Node.js/Python, PostgreSQL, AWS, Docker, and Kubernetes. Strong foundation in design patterns, microservices, and distributed systems architecture.

TECHNICAL SKILLS

Frontend: React, React Native, TypeScript, Redux, Next.js, Tailwind CSS, Material-UI

Backend: Node.js, Python, Express.js, RESTful APIs, GraphQL, microservices architecture

Databases: PostgreSQL, MongoDB, Redis, SQLite (Room), Firebase

Cloud & DevOps: AWS (EC2, ECS, Lambda, S3, RDS), Docker, Kubernetes, CI/CD (Jenkins, Bitrise, GitHub Actions), Vercel

Mobile: Android (Kotlin, Java, Jetpack), React Native, Native Bridge Development, SDK Integration

Languages: JavaScript, TypeScript, Kotlin, Java, Python

PROFESSIONAL EXPERIENCE

VT Netzwelt Pvt. Ltd., Chandigarh

Senior Principal Technical Lead | Jan 2022 – Present

- Design and architect **fullstack solutions** leveraging React/Node.js frontends with PostgreSQL backends, deployed on **AWS infrastructure** using Docker and Kubernetes
- Lead **cross-functional teams** delivering scalable web and mobile applications for **global clients** in Real Estate, Retail, and Consumer Research domains
- Implement **CI/CD pipelines** using Jenkins and GitHub Actions; manage deployments via **AWS ECS and Vercel** for rapid iteration and reliability
- Drive **technical excellence** through architecture reviews, code reviews, system design discussions, and **mentoring junior developers** on fullstack best practices
- Collaborate with **international stakeholders** across Europe and North America on technical discovery, solution design, and product roadmap definition
- Led integration of **Insta360 Native SDK** into React Native applications with **custom native modules**, enabling 3D property visualization for real estate platforms

Senior Software Engineer | May 2017 – Jan 2022

- Designed and developed **fullstack features** using React Native frontends, Node.js/Express backends, and PostgreSQL databases with **offline-first architecture** patterns
- Built **GfK Consumer Scan** application from ground up, achieving **5M+ downloads** with robust backend services, REST APIs, and real-time data synchronization
- Implemented **production-grade features** including barcode scanning, image processing pipelines, offline synchronization, and secure API communication
- Containerized applications using **Docker** and deployed on **AWS EC2 and ECS** clusters with auto-scaling and load balancing

- Mentored **junior developers** on fullstack architecture, design patterns, and modern development practices; conducted technical seminars on **system design**

IDEMIA, Noida

Software Engineer | August 2013 – May 2017

- Developed **Android and embedded systems** integrating with **proprietary biometric SDKs** for healthcare, telecom, and security applications
- Designed **Remote SIM Personalization platform** enabling **secure OTA provisioning** of SIM cards, integrating with backend infrastructure for profile management
- Collaborated with **Reliance Jio** technical team on **biometric authentication solutions** for customer enrollment and identity verification workflows
- Participated in **full product lifecycle**: solution design, SDK integration, customer support, troubleshooting, and enterprise deployment

KEY PROJECTS & ACHIEVEMENTS

GfK Consumer Scan Application (5M+ Downloads)

Architected and delivered a **cross-platform consumer research application** from ground up. Implemented **fullstack architecture** with React Native/TypeScript frontend, Node.js/Express backend, PostgreSQL database, and AWS infrastructure.

React Native • Node.js • Express • PostgreSQL • Redux • REST APIs • Docker • AWS EC2 • Firebase Analytics

Keyhook – 360° Real Estate Platform

Engineered **native bridge** between Insta360 Camera SDK and React Native application. Built **backend services** for 360° image processing and storage on **AWS S3**. Delivered seamless **cross-platform experience** (iOS/Android) for immersive property tours.

React Native • Node.js • TypeScript • Redux • iOS/Android Native Modules • AWS S3/Lambda • Docker

EDUCATION

Lovely Professional University, Jalandhar

B-Tech (Computer Science & Engineering) | June 2010 – August 2013

CGPA: **8.75/10** • Capstone: **Enterprise Resource Planning (ERP) System**

Government Polytechnic, Sundernagar

Diploma (Computer Science) | June 2007 – August 2010

Key Achievement: **Internship with Department of Information Technology, Himachal Pradesh (HIMSWAN Initiative)**
